

A Reminder

Hands spin around the clock,
Like the Earth orbits around the sun.
365 days to achieve my goals,
but is 52 weeks enough?

In a rush to reach my dreams.
Will I get it done?
So many paths to choose from.
Am I choosing the right one?

But then I remember-
The Earth did not determine its own path.
So I wait for life to guide me,
and allow myself to relax.
